

RESOLUTION OF THE DIRECTOR GENERAL OF CASA ÁFRICA WHEREBY THE " OBJETIVO ÁFRICA" PHOTOGRAPHIC COMPETITION IS ANNOUNCED, BY MEANS OF AN ADVANCE PROCEDURE.

The Casa África Consortium, a public law entity of an inter-administrative nature attached to the General State Administration, has among its general purposes the promotion of the global development of Spanish-African relations and the promotion of all types of institutional, economic, scientific, cultural, educational and academic activities to improve mutual knowledge between Spain and the African continent.

The "Objetivo África" Photographic Competition rewards the photographs that best show the positive aspects of the African continent. This competition was born with a double purpose: on the one hand, to bring an image of Africa more appropriate to the realities of the continent, away from negative stereotypes and, on the other hand, to bring the institution to new audiences, and increase the audience on the African continent. The power of images makes it possible to change an often too homogeneous vision of Africa, a huge, rich and diverse continent. The images offer the keys to what is happening in Africa and the rest of the world, to the transformations the continent is undergoing in all areas and help to generate a necessary debate: to show the diversity of the continent, the multiple facets of all its countries and the positive impact of intra- and extra-African migrations.

By Order AUC/1113/2021, September 15 (BOE No. 247 October 15, 2021), the rules and regulations for the awarding of the "Objetivo África" Photographic Competition Prizes by the Casa África Consortium were approved.

By virtue, thereof, in accordance with the provisions of Article 5 of the aforementioned Order, following a report from the Consortium's Legal Counsel, the awards corresponding to fiscal year 2022 are announced, for which purpose I hereby

I DECLARE

First. Approve, through anticipated processing, the call for 2022 of the 'Objetivo África' competition by the Casa África Consortium in the following terms:

I. Purpose of the award

The aim of this competition is to contribute to the dissemination of knowledge about Africa and promote a positive image of the continent by encouraging creativity through photography, highlighting multiculturalism, coexistence and, ultimately, the enrichment that comes from the interaction between different cultures.

II. Subject related to the African continent on which the photographs to be submitted must be based.

The theme of the photographs submitted in this call for entries will be digital transformation in Africa. The world is immersed in a process of acceleration in terms of digital transformation. The development of the Internet and, especially, of mobile telephony, is opening up new formulas to promote and strengthen the development of the African continent. Other factors, such as high demographics and the youth of a population that is already a digital native - 41% of its population is under 15 years old - are an asset for the development of digital technologies in its territory.

Africa, an increasingly urban continent, capable of offering smart city services, the development of applications in sectors of great economic importance such as agriculture or artificial intelligence as a tool to better cope with climate change are some examples of what is intended to reflect and highlight through the photographs awarded in this call. Therefore, the objective of this edition is to certify through images how this digital transformation is taking place on the African continent.

III. Prize

1. Casa África will award a first, second and third prize to the persons whose photograph is ranked first, second and third, respectively, in the order of priority set forth in the resolution of award of this call.
